Additional savings contribution

Stamp duty

Legal and settlement costs

Confirmation of source of funds (savings, equity, sale proceeds)

Legal & Settlement

Solicitor / conveyancer details

Authority to liaise with agent and solicitor

Signed loan documentation (once issued)

Definitions

Applicant Details	This section confirms the identity and legal structure of the borrower. It ensures Bridgit can correctly identify all applicants and verify any company or trust entities involved in the loan.
Existing (Outgoing) Property	This refers to the property that will be sold to repay the bridging loan. Documentation in this section demonstrates ownership, current debt levels, and progress toward sale, which forms the primary exit strategy for the loan.
New (Incoming) Property	This is the property being purchased using the bridging finance. Documents confirm the purchase details, settlement timing, and that the property is suitable security for the loan.
Exit Strategy (Mandatory)	The exit strategy explains how and when the bridging loan will be repaid, typically through the sale of the outgoing property. Bridgit places strong emphasis on a clear, realistic, and fully evidenced exit strategy.
Income & Serviceability	This section provides comfort around the borrower's ability to manage the loan during the bridging period. While Bridgit is asset-focused, limited income verification may be required for responsible lending purposes.
Assets & Liabilities	Assets and liabilities information provides a snapshot of the borrower's overall financial position. This allows Bridgit to understand existing commitments and confirm that all relevant debts have been disclosed.
Funds to Complete	This section confirms the borrower has sufficient funds available to complete the purchase, including deposit, stamp duty, and associated costs, and identifies the source of those funds.
Bridgit Loan Acknowledgements	These acknowledgements confirm the borrower understands the short-term nature of the loan, the use of capitalised interest, and the risks associated with bridging finance.
Legal & Settlement	This section captures the professional details required to complete the transaction, including solicitors and conveyancers, and authorises Bridgit to coordinate with all parties through to settlement.

Additional information or documents may be requested depending on the applicant's circumstances.
